Mr. Grisham,
The best way to do a file review would be to go through the R6 FOIA Officer, Leticia Lane (214.665.7202). You can schedule the file review with her and she will make an office room available and have the documents ready for your review. I believe that you can get a file index ahead of time of the documents that are available for the Arkwood site and you can request specific documents that you may want to review. I have include Leticia in this e-mail. CAS

Subject: Re: Inquiry: Arkwood Inc. Third Five-Year Review Report

Carlos, would I be able to come in to EPA before our meeting and look through all the public files, correspondence, documentation etc. as part of my preparation? Is there a library there at EPA Region 6 accessible to the public? Would I need to involve the Freedom of Information folks there in order to access that material? Thank you, Curt
